The Hiring Manager

CyberShield Technologies Pvt. Ltd.

SG Highway, Ahmedabad - 380054

Subject: Application for the position of Junior Cyber Security Analyst

Dear Hiring Manager,

I am writing to apply for the position of Junior Cyber Security Analyst at CyberShield Technologies, as advertised on your careers page. With over three years of experience in security monitoring and vulnerability management, I am confident that I can contribute to your security team from the first month.

In my current role at SecureNet Solutions, I monitor alerts in a SIEM platform, investigate suspicious activity, run vulnerability scans with Nessus and Nmap, and help prepare incident reports. Over the past year I helped close more than 120 vulnerabilities across client networks and reduced the average alert triage time by 30 percent. I follow the OWASP Top 10 and basic NIST guidelines, and I explain security risks clearly to non-technical colleagues.

I am drawn to CyberShield because of your focus on protecting growing businesses against real-world threats, and I would welcome the chance to grow with your team. My resume and portfolio are enclosed for your review.

Thank you for your time and consideration. I would be glad to discuss my application in an interview at your convenience.

Yours sincerely,

Dhaval Prajapati

Subject: Letter of Recommendation for Mr. Dhaval Prajapati

Dear Sir or Madam,

I am pleased to recommend Mr. Dhaval Prajapati, who has worked under my supervision as a Security Analyst at SecureNet Solutions since July 2023. I have managed him directly for more than three years and know his work well.

Dhaval is a dependable and technically strong analyst. He handles security alerts carefully, investigates incidents thoroughly and documents his findings clearly. His vulnerability scanning work helped our clients close over 120 security gaps, and he has always treated confidential client data with the highest integrity. He also supports junior colleagues patiently and communicates professionally with clients.

Dhaval is honest, hard-working and eager to learn new threats and tools. I am confident he will be a valuable addition to any organisation or programme he joins, and I recommend him without reservation.

Please feel free to contact me at kavita.desai@securenet.example or +91 79000 12345 if you need further information.

Yours sincerely,

Kavita Desai
